- All applications must be accompanied by evidence, and/or verification by the principal, in support of financial need for the grant being applied for (for example, student is on free or reduced lunch, has already applied for assistance, is working part-time for support, etc.)
- Once the application has been reviewed by the teacher/counselor and the principal, student requests should be submitted to the Foundation anonymously.

Staff:

- If you are a staff person applying for equipment or other grant for a project or for a student, it must be approved by the school principal. **Please note:** School related field trips are not eligible for funding.

If additional information is needed the staff or student will be contacted, and the required information should be submitted as soon as possible. A delay in submission of the information could result in a delay in final review of the grant request.

The Foundation requests a report summarizing the results of the use of the grant, within 30 days of completion of the project, course work or equipment purchase.
